2009 Remodeling Expo set for January 16-18

Mark your calendars for the Annual NARI Remodeling Expo. This year's three day event will be held Friday, January 16 through Sunday, January 18 at the Madison Marriott West. Tickets for the event are \$5 per person. Parking is free!

This year's expo is sponsored by Madison Gas and Electric, AnchorBank fsb, and Homeowner's Advantage.

The expo will feature over 250 exhibits of home improvement companies and a wide variety of remodeling products.

Another popular feature of

the Expo are the educational seminars. This year Larry is Chair of the NARI Expo Seminar Committee. He is also presenting seven seminars (see article below for details). In all there are over 60 seminars to be presented over the three days of the Expo. Check out www.remodelingmadison.org for a complete seminar schedule. Or look for the ad in the Sunday, January 11 issue of the Wisconsin State Journal.

On your way through the show, we would sure enjoy it if you were to stop by and say "Hi!" TZ of Madison, Inc. will be at booth #522A!

Come visit us at the TZ of Madison booth #522A at the NARI Remodeling Expo.

Don't Miss These Seminars!

In addition to being the Expo Seminar Committee Chair, Larry, along with other remodeling professionals, is presenting seven seminars over the Expo weekend.

These informational sessions cover a wide variety of topics. Below you will find the descriptions and schedule for Larry's seminars.

Basics of Building Permits, Zoning and Recycling for Remodeling Projects

Basics of what is needed and what to expect to obtain a building permit and the inspection and zoning process in the Madison Area.

Friday, Jan 16 at 3pm

It Costs How Much? Cost vs. Value

A study of what to expect on return for different types of remodeling projects. Presentation by a realtor, a remodeler, and a lending officer.

Saturday, Jan 17 at 12:15PM

Sunday, Jan 18 at 2:30 PM

"CAPS" Certified Aging in Place Specialist

Ideas for what to look for in designing your next remodel for living safely, comfortably, and longer in your home.

Saturday, Jan 17 at 2:00PM

Sunday, Jan 18 at 12:15PM

How to Avoid a Home Improvement Horror Story

Discussion of what to look for in contracts. Where to find contractors. Panel includes a general contractor, an attorney, and a subcontractor.

Saturday, Jan 17 at 4:30PM

Financing Your Home in Today's Changing Market

Panel of local experts will answer some of the most common questions on financing options, lender qualifications and much more.

Saturday, Jan 17 at 5:45PM

Reflections on 2008

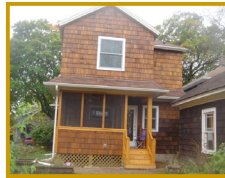

In spite of tough economic times, 2008 was a good year for TZ of Madison, Inc. We found that many people were still interested in home improvements, but maybe preferred projects that would save them money down the road, like improving energy efficiency with insulation, windows and siding. We had excellent customers and, as always, interesting and varied projects. On this page I'd like to highlight a few of the projects that we completed in 2008. It wouldn't be possible to feature every project, but we will do our best! Happy New Year!

Thank You!

All of us at TZ of Madison, Inc. would like to thank our 2008 clients for allowing us the privilege of working on their homes.

We enjoyed our experiences and hope you are enjoying your new spaces.

Best wishes for a wonderful 2009!

A master bedroom suite and roomy screened in porch for enjoying summer evenings.

Completely accessible bath with roll in shower, new vanity and shower controls.

Granite and cherry cabinets give the homeowners a kitchen to please!

Basement remodel lightens up area and creates separate space for laundry, kids and entertaining.

Relocated front entry creates four season area inside and welcoming new porch outside.

New windows, insulation, roof and siding got this home ready for winter.

Creative lighting design and a new gas insert make this basement a cozy new space to hang out.

Accessible kitchen is not short on style or functionality! Entered for a CotY award in Universal Design.

1950's kitchen is transformed into a modern gem. Relocating basement stairs created an open floor plan.
